

“We believe our new Headquarters to be one of the truly unique American Civil War reenacting venues. It is very rare for a reenacting organization to have its own 1860's period town and multiple battlefields.” General Maffei, commanding Birney's Division

Birney's Division Gun smoke and History

www.Birneysdivision.com
Facebook.com/Birneysdivision

Birney's Division offers a great opportunity for individual Federal Civil War reenacting units to become part of a larger family. **We welcome all Union companies no matter how big or small.** The organization is respectful of the autonomy of each unit, while providing coherent leadership and structure in the field.

As part of the Army of the Potomac Birney's enjoys outstanding placement at large national events. Often seen as one of the "hardest fighting" organizations in the Union reenacting community, Birney's is most likely to be seen at the hottest part of the battle.

We welcome your interest in Birney's Division and look forward to answering your questions.
